NOTES

- All daily working signs to be 200mm from underneath of sign to ground level and 1m from trafficable flow (if possible).
- Min. 3.0m required for through traffic at all times.
- The position of and spacing of traffic infrastructure may slightly vary on-site to ensure good line of sight and/ or effectiveness for approaching traffic. (Standard variations shall be used). EG: Not less than 10% or greater than 25% of speed specified.
- Traffic Controller on constant Stop/Slow of 2 hours duration, must be relieved for 15 minutes. Other duties can be conducted.
- Use of vehicular mounted warning devices to be applied.
- Flash Bar Or Corner Lights Or Flashing Lights
- Traffic Controller to maintain sufficient Line of Sight (LoS) to approaching vehicles. (1.5 x Speed Limit (eg: 60km = 90m (LoS))
- Spectran Environmental Management takes no responsibility for use of this plan when implemented by other parties.
- Not to Scale
- Charter Buses to be directed to park in fenced car park off Pembroke Place.
- All Taxi drivers are required to remain in Taxis for waiting fares.
